

## SCIENCE WORKSHEET

Episode \_\_\_\_\_

Myth \_\_\_\_\_

	Recognize	Recall
Observation	What were the initial observations?	
Hypothesis	What hypothesis did the scientists make?	
Experiment	What experiments were conducted?	
	What were the independent and dependent variables?	
	What controls did they use?	
	What assumptions did they make?	
Data Analysis	What analyses were performed on their data/evidence?	
Conclusions	Was their hypothesis supported?	
	How did they modify their hypothesis following their experiments?	
Resolve	Was the myth busted?
